IMPORTANT SHOW INFORMATION

- Dogs born in countries with anti-docking laws must be shown with a natural tail.
- Copies of required documentation for the Champion and Working Classes must be submitted with entry and originals must be brought to the show and be available for inspection before entering the ring.
- Spayed or neutered dogs may not show with the exceptions of Stud Dog, Brood Bitch, and Exhibition Classes.
- Dogs with missing teeth will be excused from the ring.
- Males will be judged first.
- Dogs are shown in natural stance; no hand stacking is allowed. No food is allowed in the ring; toys may be used at the judge's discretion. Double handling is encouraged.
- Any entry that does not meet the class requirement will be invalid.
- The host club shall not permit entry into any class if an entered dog's original registration and support documents of all certifications, accomplishments and titles are not available at the show for inspection at the time of the class.
- When a dog is eligible for more than one class, the dog's owner determines the entry, with the exception of puppies which must enter the appropriate age class.
- The day of the first day of the show shall be the date used to determine the age of the dog and the appropriate class.
- This is a German style show.
- The event is being held outdoors, rain or shine.
- No dogs are allowed to be tied out at the show site or ringside.
- No dogs are allowed to be crated near the ring.
- Please use designated areas to exercise your dogs and clean up after them.
- Adult classes will be moved long enough for the judge to evaluate the movement.
- Critiques must be picked up at the show; they will not be mailed unless entrant leaves a self-addressed, stamped envelope. Envelopes and postage will be available for purchase.

Ztp

The Ztp (Zuchttauglichkeitsprüfung) is designed to select those Rottweilers who are worthy of being bred. The dog's conformation must be judged of breeding quality and free of disqualifying faults. The dog must have a passing hip and elbow rating and permanent identification (tattoo or microchip). Once the conformation and soundness qualifications have been met, the dog's temperament is tested. This test includes a gun sureness test, a protection test, and a test to ensure the dog is stable around the public. The Rottweiler Klub of North America strongly believes that these tests are vital to maintaining the Rottweiler in type and temperament and should be the foundation of any breeding program.

Gekört / Gekört bis EzA

Gekört is designed to select those Rottweilers who are the best dogs in order to improve the overall qualities of the Rottweiler. Males must be IPO 3 and females IPO 1, must have an AD and three show ratings under two different judges of SG or better. The protection routine shall be the FCI IPO 3 protection routine. The IPO rule book can be downloaded from the RKNA website.

The Gekört bis EzA may be attempted 24 months after a dog has earned the Gekört is the highest breed suitability title available and is the lifetime breed suitability test. A dog must have sired/whelped two litters where all offspring are free of disqualifying fault according to FCI standard.

Working Class

To compete in this class a dog must have earned an IGP/IPO title. Internationale Gebrauchshunde Prüfungsordnung (IGP)/International Prüfungsordnung (IPO) are internationally recognized temperament tests for the working breeds. The dog must pass a tracking test, an obedience test and a protection test. The exercises in all three phases of the tests are designed to demonstrate the dog's natural drive to work for a handler as well as the strength of character that it takes to have those drives molded into a disciplined behavior. It is the goal of the Rottweiler Klub of North America to promote the working Rottweiler through the IGP/IPO sport.

SE

The SE (Standard Evaluation) is not a breed test. RKNA encourages all breeders to place SE on their breeding stock as RKNA believes breeders should know the measurements of dogs they are breeding as well as eye colour. The SE ensures the dog has a passing hip and elbow rating and is free of disqualifying fault under FCI standard. Puppy buyers are encouraged to only purchase pups whose parents possess either a SE or a Ztp. The dog must have a passing hip and elbow rating and permanent identification (tattoo or microchip). Once the conformation and soundness qualifications have been met, the dog's traffic sureness is tested. This test includes a gun sureness test and a test to ensure the dog is stable around the public. If a dog has a SE and loses a tooth, the dog may still be bred and may also attempt the Ztp.

Standard Evaluation Test Information

1. The SE is not a breed survey. Dogs who pass are certified that the dog has a passing hip and elbow rating and is free of disqualifying fault under FCI standard. The dog must have a passing hip and elbow rating and permanent identification (tattoo or microchip). If a dog is AKC registered, the dog must have paperwork tying the AKC registration papers into the dog such as a RKNA scorebook or a letter from their vet stating they have been presented with AKC registration papers stating the registered name of the dog and the permanent identification found on the dog. Once the conformation and soundness qualifications have been met, the dog's traffic sureness is tested. This test includes a gun sureness test and a test to ensure the dog is stable around the public. If a dog has a SE and loses a tooth, the dog may still be bred and may also attempt the Ztp.

2. Dogs will be weighed, measured and critiqued. A weight certificate (issued within 20 days of the test) may be substituted for weighing the dog if no scale is available. Character traits of the dog become more or less apparent during the weighing and measuring process.
3. The tattoo or microchip number shall be read out loud as part of the measuring and critique.
4. The following tests will be done to establish the interaction in a group and sensitivity to noise.
 - A. The Group. The handler with dog on leash walks through a group of five to eight people. The handler and dog return to the center of the group where the dog sits. The group, when instructed by the judge, converges on the dog and handler and remains there until told by the judge to disperse.
 - B. The Gun. The handler and dog walk away from the judge. At a distance of fifteen paces, a 22 short blank starter pistol, or its equivalent, is fired twice with a short interval in between each shot. Should the dog have a reaction to the gunfire, this exercise may be varied and repeated at the judge's discretion. If the dog continues to show a strong reaction to gunfire, the test is stopped and the dog is deemed not breed worthy.

The SE dogs can be grouped with the Ztp dogs so all the SE and Ztp dogs are tested for their interaction in a group and sensitivity to noise at the same time. The handler may hold the dog's collar when the group converges on the dog.

Sieger/in, Youth Sieger/in, Best Youth Male/Female (copy of award certificate; may submit more than one)

1 point: Begleithunde (BH)

2 points: RKNA Ztp or ADRK Ztp (copy of Ztp certificate; may submit only one Ztp)

2 points: IPO 1 title (copy of scorebook pages showing dog name/registration number and title earned)

To attain the RKNA Elite Championship title, a dog must earn 4 points from RKNA shows as follows:

1 point: RKNA Best of Breed (copy of award certificate; may submit more than one)

1 point: RKNA Best of Opposite (copy of award certificate; may submit more than one)

The 4 points must be earned under 3 different judges. The points must be earned during a period greater than 12 months from the adult classes.

To attain the RKNA Youth Championship title, a dog must earn 3 points from RKNA shows as follows:

1 point: V1 rating at any RKNA show from the Youth class (copy of award certificate; must submit three)

The points must be earned under 2 different judges.

RKNA Breed Surveys

Ztp Evaluation and Performance Routine

1. The Host Club is responsible for providing a written explanation of the test to exhibitors. A dog must pass measuring and be critiqued before being allowed to proceed to protection. A dog must pass protection to proceed to the traffic sureness test.
2. Clubs should work with the Helper Committee to ensure qualified helpers are secured. The helper must work all dogs in an equal manner and should not be overly hard at any time. The stick hits should be moderate and a leather covered stick must be used. The sleeve should be broken in but not mutilated. Helpers must wear a trial jacket and trial helper pants. Helpers may not be the helper at any RKNA event for any dog he/she owns, co-owns or lives with.
3. The FCI Standard for the Rottweiler will be used for judging this event with the exception that docked dogs will be allowed to participate.
4. Dogs will be weighed, measured and critiqued. A weight certificate (issued within 20 days of the test) may be substituted for weighing the dog if no scale is available. Character traits of the dog become more or less apparent during the weighing and measuring process.
5. The tattoo or microchip number shall be read out loud as part of the measuring and critique.
6. The following tests will be done to establish the interaction in a group and sensitivity to noise.
 - A. The Group. The handler with dog on leash walks through a group of five to eight people. The handler and dog return to the center of the group where the dog sits. The group, when instructed by the judge, converges on the dog and handler and remains there until told by the judge to disperse.
 - B. The Gun. The handler and dog walk away from the judge. At a distance of fifteen paces, a 22 short blank starter pistol, or its equivalent, is fired twice with a short interval in between each shot. Should the dog have a reaction to the gunfire, this exercise may be varied and repeated at the judge's discretion. If the dog continues to show a strong reaction to gunfire, the test is stopped and the dog is deemed not breed worthy.
7. Protection Performance Routine for a RKNA Ztp
 - A. Effective October 15, 2015, the protection routine shall be the ADRK Ztp protection routine which is the FCI IPO 1 protection routine with two exceptions:
 - i. Upon instruction from the judge, the handler can walk up to the dog in the blind and take hold of the dog's collar and drag the dog from the blind and then call out the helper.
 - ii. After the out on the long bite, the handler can grab the dog's collar and keep hold of it while heeling to the far end of the field for the long bite.
The IPO rule book can be downloaded from the RKNA website.
 - B. Clubs must supply two demo dogs which can be alternate breeds. Dogs entered in the Ztp may not be used as one of the demo dogs.

RKNA Inc.

SE

ADRK

BSE

Both tests certify that a dog does not possess any disqualifying faults as compared to the FCI breed standard, has been tested for JLPP, and has acceptable hip and elbow ratings from ADRK or OFA.

One point from either RKNA Inc. SE or ADRK BSE is mandatory to earn an RKNA Inc. Championship title.

❖ SE can be judged by FCI and RKNA Inc. judges

❖ Owner pays entry fee to RKNA Inc. host club

❖ Owner receives RKNA Inc. form and certificate signed by judge and breed test secretary

❖ BSE can be judged by ADRK judges*

❖ Owner pays entry fee to RKNA Inc. host club and, upon passing the test, has the option to pay a recording fee to ADRK

❖ If entry fee only is paid: Owner receives ADRK form signed by judge

❖ If recording fee is paid: Owner receives ADRK form signed by judge, ADRK certificate and letter mailed from Germany, and BSE is recorded in that year's ADRK stud book and Dogbase

PLEASE NOTE!

The acronym BSE is also used by some other Rottweiler breed organizations. ALWAYS verify with the host club if you plan to record a BSE with ADRK.

*As of September 2019, RKNA Inc. Head Judge & Körmeister John Bernard has been approved to judge recordable ADRK BSEs at RKNA Inc. sanctioned events.

For more information, visit the RKNA Inc. website <http://www.rknaonline.org/show-your-rottweiler/>

RKNA Championship Program

To attain the RKNA Championship title, a member's dog must achieve five (5) total points (two (2) are mandatory):

1 point: V1 rating at an RKNA show and earned from an adult class (mandatory 1 point)

1 point: RKNA Standard Evaluation (SE) (mandatory 1 point)

1 point: V1 rating at any RKNA show (copy of critique showing rating; may submit more than one)

1 point: RKNA Best Adult Male/Female, Best of Breed, Best of Opposite Sex,

- The Gekört must be offered at the RKNA Spring Sieger Show and the RKNA Klub Sieger Show. The Gekört is optional to be offered at the Meisterschaft.

 - H. If a dog fails a first Gekört one more attempt may be made. If a dog fails a lifetime Gekört one more attempt may be made within 2 years of the first attempt.
 - I. The Körung results (pass or fail) will be posted on the RKNA website.
 - J. The Host Club is responsible for providing a written explanation of the test to exhibitors.
 - K. For the Gekört a performance level higher than that of a RKNA Ztp and with greater character examination is required.
 - L. Dogs will be weighed, measured and critiqued. A weight certificate (issued within 20 days of the test) may be substituted for weighing the dog if no scale is available.
 - M. The tattoo or microchip number shall be read out loud as part of the measuring and critique.
 - N. The following tests will be done to establish the interaction in a group and sensitivity to noise:
 1. The Group. The handler with dog on leash walks through a group of five to eight people. The handler and dog return to the center of the group where the dog sits. The group, when instructed by the judge, converges on the dog and handler and remains there until told by the judge to disperse.
 2. The Gun. The handler and dog walk away from the judge. At a distance of fifteen paces, a 22 short blank starter pistol, or its equivalent, is fired twice with a short interval in between each shot. Should the dog have a reaction to the gunfire, this exercise may be varied and repeated at the judge's discretion. If the dog continues to show a strong reaction to gunfire, the test is stopped and the dog is deemed not breed worthy.
